

Hi all,

You may recall that I had some issues with a feed provider and it subsequently caused some issues within iTunes.

Thankfully, this has now been rectified.

For those who had previously subscribed to the podcast through iTunes, you'll need to remove the Brains Matter feed in your iTunes (just delete it), and resubscribe through the following link:

<http://phobos.apple.com/WebObjects/MZStore.woa/wa/viewPodcast?id=257301606>

Thanks,

OG
